Free first delivery

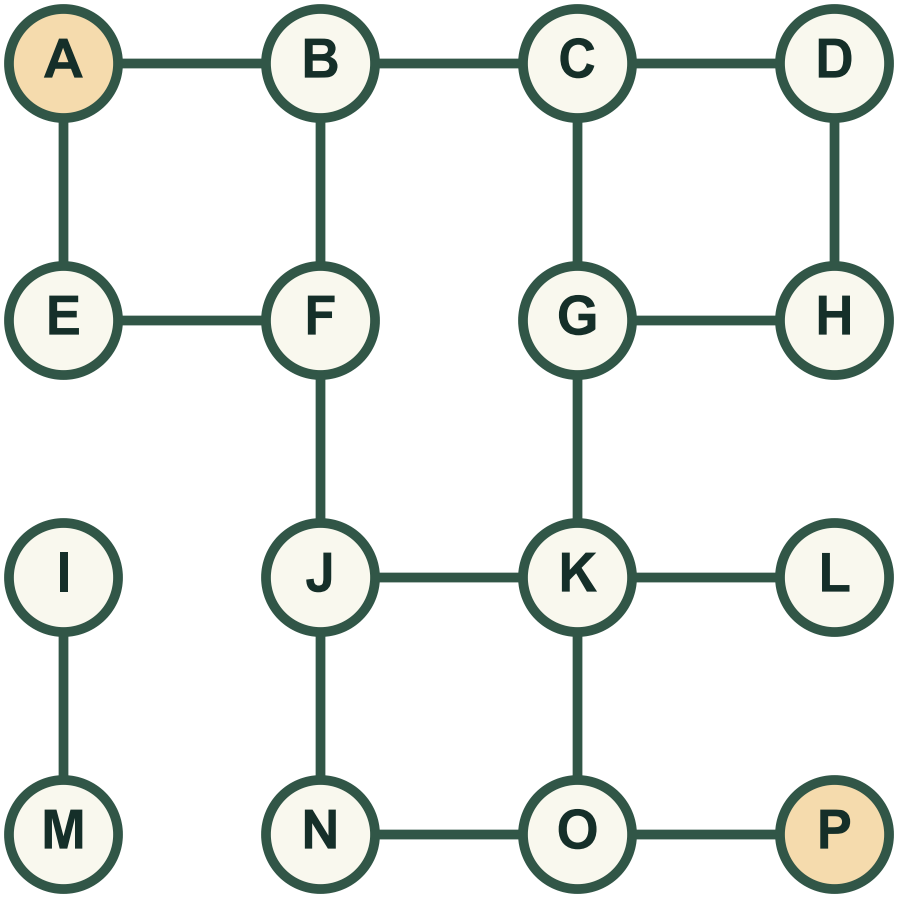

Set up a delivery

Take one role each. Keep your sheets separate and talk through the route. You need two people and a pencil. Print at actual size. Set the hints and solutions aside.

AI-assisted artwork and text. Personal use only.

Delivery 1 · Map keeper

Start at A and finish at P. Follow only the drawn paths. Each line between two letters counts as one step. Never visit the same letter twice. Ask the dispatcher which stops to make.

Delivery 1 · Dispatcher

Tell the map keeper to use exactly 6 steps. Visit B before J. Skip N entirely.

Ask the map keeper to read the full sequence, including A and P. Check the order of your two stops, the stop to skip and the number of steps before consulting the answer.

Route attempts

1. A → ___ → ___ → ___ → ___ → ___ → P
2. A → ___ → ___ → ___ → ___ → ___ → P
3. A → ___ → ___ → ___ → ___ → ___ → P

- ☐ Checkpoints in order
- ☐ Closed stop skipped
- ☐ Steps counted

Hints

Delivery 1

Break the trip into A → B → J → P. If a branch reaches N or returns to a stop you already used, cross it off. Count lines, not letters.

Worked solutions

Delivery 1 · A → B → F → J → K → O → P

Tell the map keeper to use exactly 6 steps. Visit B before J. Skip N entirely.
