A · Village mapper

The Kite Post

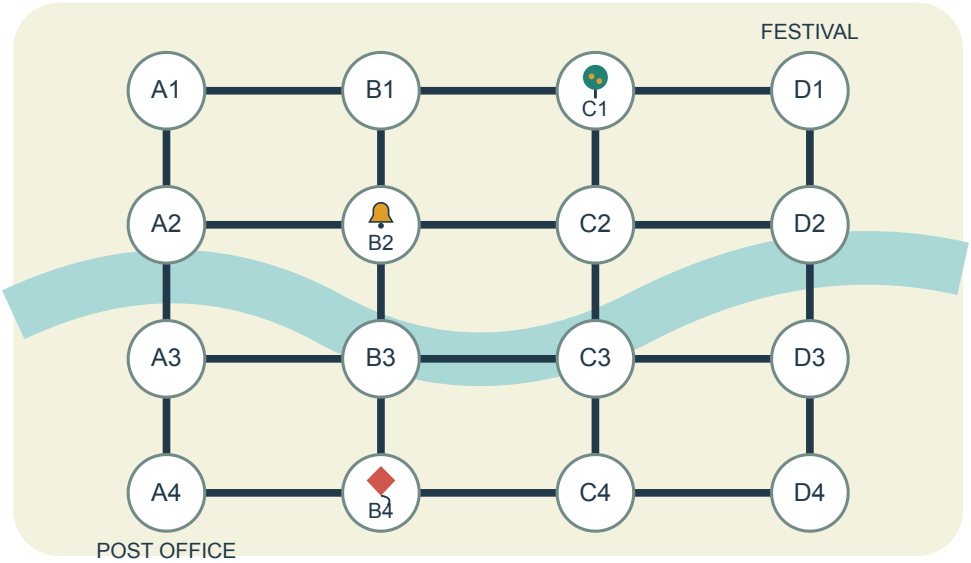

Print pages 1 and 2, one per player. Keep your page private and talk freely. Keep page 3 face down. You only need pencils.

The festival starts when the last kite parcel arrives. You can see the footpaths. Your partner has the courier's bulletin.

1. Trace the delivery

Follow drawn paths only. A move is one link between two circles. Compare routes with your partner and mark your chosen path.

2. Read the departure stamps

At each required stop, use the direction of the **next move leaving it**. Look up a letter and radio the three letters in stop order.

Stop	North ↑	East →	South ↓	West ←
◆	F	A	R	M
🔔	O	T	S	L
🌳	A	O	X	G

B · Festival courier

The Kite Post

Print pages 1 and 2, one per player. Keep your page private and talk freely. Keep page 3 face down. You only need pencils.

The village mapper can trace the roads. You have the latest delivery rules and the festival's dispatch board.

1. Radio the morning bulletin

1. Start at A4 and finish at D1 in **exactly eight moves**. Never visit a circle twice.
2. Stop at the **kite, then the bell, then the orange tree**, in that order. Other circles can lie between them.
3. A2 and C4 are closed. The direct path from C1 to D1 is also closed.

When you agree on a route, ask the mapper to read each circle aloud. Write it here. Count links between circles, not circles.

0	1	2	3	4	5	6	7	8

2. Pick the right tent

Ask the mapper for three departure letters. Use their exact order to find the delivery tent.

Radio code	Tent
FOG	Blue Heron
FOX	Golden Finch
FOL	White Wren
FEX	Red Robin

Our delivery tent _____

When you agree, announce your tent before opening the guide. At the right tent, the kite goes straight up.

Shared guide · Spoilers

The Kite Post

Hint 1 · Get to the bell

Cross out A2 and C4. Start A4 → B4. From the kite you must go to B3. Use the eight-move limit to reject detours.

Hint 2 · Leave the tree

The direct road from the tree at C1 to the festival is closed. You must approach the finish from D2, leaving room for three moves after C1.

Solution

A4 → B4 → B3 → B2 → B1 → C1 → C2 → D2 → D1.

The kite leaves north (F), the bell leaves north (O), and the orange tree leaves south (X). The code is **FOX**. Deliver the kite to **Golden Finch**.

> At Golden Finch, the keeper takes your parcel. A bright orange kite rises above the rooftops.
